A newly hired full-time employee in the bargaining unit shall be on probation for the first ninety (90) calendar days of their employment and a newly-hired part-time or casual employee in the bargaining unit shall be on probation for six hundred and twenty-four (624) paid hours.

The Employer may, with the approval of the Union, extend the probationary period as specified in this clause an additional ninety (90) calendar days, but such request will identify what areas of concern give rise to the request, and in all cases the request and confirmation must be made in writing.

During the applicable probationary period, the probationary employee shall not be entitled to any rights and benefits flowing from Articles 16, 23 and 25 but shall be entitled to all other rights and benefits of this Agreement unless otherwise specifically stated. A probationary employee shall not have any right to grieve their termination of employment, save and except where the termination is discriminatory or arbitrary. Upon successful completion of the probationary period, seniority shall be effective from the original start date of employment.

15.04 – Loss of Seniority

- (a) An employee shall not lose seniority if absent from work because of sickness, disability, accident, lay-off or leave approved by the Employer.
- (b) An employee shall lose all seniority and be deemed terminated in the event the employee:
 - (i) is discharged for just cause and is not reinstated.
 - (ii) resigns in writing.
 - (iii) fails to return to work within five (5) working days following recall unless through sickness or unavoidable cause the employee is unable to return.
 - (iv) becomes legally ineligible to work in Canada for a period of ten (10) working days.
 - (v) is absent from work without authorization for a period in excess of five (5) working days after the Employer has provided written notice to the employee with a copy to the Union that their continued absence from work without a reasonable explanation will result in the employee's employment being deemed terminated and that the employee has five (5) further working days within which to seek independent legal advice or counsel from the Union concerning the effect of this deemed termination at law. A certified medical absence for the period concerned does not constitute absence from work without reasonable explanation.
 - (vi) has been laid off for a period in excess of 180 calendar days in accordance with Article 17.02.
 - (vii) has been maintaining employee status for greater than 180 days in accordance with Article 3.02(b)(ii).

15.05 – Transfer and Seniority Outside Bargaining Unit

- (a) No employee shall be transferred to a position outside the bargaining unit without their and the Union's consent.
- (b) Any transfer of an employee outside this Agreement is limited to a period not exceeding thirteen (13) months in length.
- (c) In the event an employee covered by this Agreement is transferred to a position outside the scope of this Agreement and at a later period returns to a position within the scope of this Agreement, the employee shall retain the seniority which the employee held at the time of transfer but shall not accumulate any additional seniority for the period during which the employee held a position outside the scope of this Collective Agreement. No position shall be transferred outside the scope of this Agreement without the consent of the Union.

ARTICLE 16 – PROMOTIONS AND STAFF CHANGES

16.01 – Job Postings

When a new position is created or when a vacancy of a permanent nature is to be filled inside the full-time bargaining unit, the Employer shall immediately notify the Union in writing and post notice of the position in a prominent location to which all employees have access, on the Employer's premises, for a minimum of seven (7) calendar days, during which time they may apply for such vacancy or new position. The successful candidate shall be placed in the job within sixty (60) calendar days of the selection of the successful candidate, unless agreed otherwise between the Employer and the Union.

16.02 – Information in Postings

Such notice shall contain the following information:

Nature of position, qualifications, required knowledge, education, skills, and experience as well as shift, hours of work, and hourly wage. Such qualifications and requirements shall be those necessary to perform the job function and may not be established in an arbitrary or discriminatory manner.

16.03 – Role of Seniority in Promotions, Transfers and Staff Changes

- (a) Both parties recognize:
 - (i) the principle of promotion within the service of the Employer.
 - (ii) that job opportunity should increase in proportion to length of satisfactory service provided that the employee has the required qualifications.
 - (iii) that appointment shall be made based on the Employer's evaluation of the relative skill, ability, experience, knowledge and training of applicants. It is understood that the Employer has a right to establish the qualifications for the required vacancy or new position. These qualifications shall be those that are actually required to perform the normal functions of the position. A statement of qualifications will be made available to the Union or to interested employees upon request. The employee's absenteeism, past record and ability to perform the work of the Employer shall be considered. It is understood that where the qualifications of two applicants are relatively equal, the most senior candidate will be selected. Should the successful candidate be from within the bargaining unit, such selection, where possible, shall be made within four weeks from the initial date of posting.
- (b) In the event a full-time employee commences part-time work or in the event a part-time employee commences full-time work, (which event is hereinafter referred to as the "transfer"), such employee, in addition to seniority accumulated after the transfer shall retain their seniority

accumulated just prior to the transfer in accordance with paragraph 15.01 herein and shall have such seniority converted as follows:

- (i) a full-time employee prior to the transfer shall have their seniority multiplied by 1,950 so as to express it in hours of work; and
- (ii) a part-time employee prior to the transfer shall have their seniority divided by 1,950 so as to express it in years of employment.

16.04 – Trial Period

The successful applicant shall be notified within one (1) week following their selection. They shall be given a trial period of 90 (ninety) calendar days, during which time they will receive the necessary orientation for the position and feedback on performance. The Employer may, with the approval of the Union, extend the trial period as specified in this clause an additional 90 (ninety) calendar days. The Employer will identify, in writing, what areas of concern give rise to the request. Conditional on the Employer's determination of satisfactory completion of the trial period, the employee shall be declared the incumbent. In the event the successful applicant proves unsatisfactory in the position during the trial period, or if the employee is unable or unwilling to continue to perform the duties of the new job classification, they shall be returned to their former position, and wage rate without loss of seniority. Any other employee promoted or transferred because of rearrangement of positions shall also be returned to their former position, and wage rate without loss of seniority.

16.05 – No Outside Advertising

No outside advertisement for any vacancy shall be placed until the applications of employees have been considered, unless agreed to by both Parties.

16.06 –Professional Development and Travel

Subject to operational requirements, where practical and desirable as determined by the Employer, employees may be afforded professional development opportunities for their current position or for an equal or higher position. Such opportunities may involve scheduled on-site training sessions or off-site courses or conferences.

Time spent in such professional development shall be considered to be time worked. Such opportunities shall not affect the salary or pay of either the trainee or, where professional development opportunities are involved, the trainer.

Where travel is required to attend a course or conference and the required travel occurs during the employee's regularly scheduled hours of work, such time will be considered to be time worked.

Where travel occurs outside of the employee's regularly scheduled hours of work, travel time that begins or ends within 24 hours of the course or conference beginning or ending will be compensated at straight time.

Compensation for travel time shall be limited to actual time spent traveling and shall not include non-work-related interruptions in travel. Overtime rates shall not apply to travel.

To be eligible for compensation, travel plans must be pre-approved by the employee's manager.

Employees may request job shadowing opportunities to explore positions within the OHS. Where practical, as determined by the Employer, they may be offered on an unpaid basis. Should opportunities be oversubscribed, opportunities shall be offered in order of seniority.

16.07- Professional Certification and License Fees

The Employer shall reimburse full time employees for periodic professional association fees or dues required to maintain professional status that are required as a condition of employment.

For part-time and casual employees, the Employer shall reimburse the employee for periodic professional association fees or dues required to maintain professional status that are required as a condition of employment, prorated from 1,950 hours to the employee's scheduled hours of work, unless that employee has been reimbursed by another employer.

The Employer shall have sole discretion to determine whether professional status is a necessary qualification for any employee's current job.

ARTICLE 17 – LAYOFFS AND RECALLS

17.01 – Definition of Layoff

(a) A layoff for full- and part-time employees shall be defined as a reduction in the work force or an involuntary reduction in the regular hours of work of any full-time or part-time employee. For greater clarity, should a staff member voluntarily agree to a reduction in their hours, this shall not constitute a layoff.

(i) The Parties further agree that should operational requirements necessitate a reduction in hours, an involuntary reduction of up to five percent (5%) in the regular hours of work of said employee shall not be considered a layoff so long as 17.02(a) and (b) are complied with.

(ii) Where an involuntary reduction is implemented, a corresponding increase in the use of volunteers or contracted services performing the same or similar duties shall not be permitted.

(iii) In the event that the reduced hours become available within two (2) years of the reduction, such hours shall be offered to those employees within the same classification and shift who suffered a reduction in hours in order of seniority, followed by any remaining employees performing the work in the same classification and shift in order of seniority. If

no employee accepts those hours, the hours will be assigned in order of reverse seniority to employees within the same classification and shift with four (4) weeks of advanced notice.

(b) Exceptions for part-time employees:

(i) it shall not be considered to be a layoff where the Employer creates a full-time position from one or more part-time positions.

(ii) seasonal reductions in the hours of work for part-time employees shall not constitute a layoff. However, it is understood that:

- such employees are entitled to Advance Notice in accordance with Article 17.02(b); and,
- in the event of a seasonal reduction in the hours of work for part-time employees, as per Article 17.01(b)(ii), employees shall have their hours reduced in the reverse order of their seniority within a shift and classification, provided that the remaining employees have the knowledge, skill, ability and qualifications to do the job; and
- in the event the reduced hours become available within two (2) years of reduction, such hours shall be offered to those employees in the same classification and shift who suffered a reduction in hours in order of seniority, followed by any remaining employees in the same classification and shift performing the work in order of seniority. If no employee accepts those hours, the hours will be assigned in order of reverse seniority to employees within the same classification and shift with four (4) weeks of advanced notice.

(c) In the event of layoff, employees shall be laid off in the reverse order of their seniority within a job title, provided that the remaining employees have the knowledge, skill, ability and qualification to do the job.

17.02 – Advance Notice of Layoff

(a) The Employer shall notify full-time employees who are to be laid off, thirty (30) calendar days prior to the effective date of layoff except for such employees who are temporarily laid off as defined in the *Employment Standards Act* and its Regulations, as amended from time to time in which case the Employer shall give as much notice as possible. If such employee has not had the opportunity to work the thirty (30) days as provided in this Article, they shall be paid for the days for which work was not made available.

(b) The Employer shall give thirty (30) calendar days or as much notice as is reasonably possible to part-time employees who are to be laid off, prior to the effective date of layoff.

17.03 – Organizational or Technological Change

In the event the Employer is proposing the introduction or implementation of organizational or technological change, which will result in employees or positions being declared redundant, the Employer agrees to notify the union as far as possible in advance of its intentions and to update the information provided as new development arise and modifications are made.

An Employee in any position which has been declared redundant, as a result of the organizational or technological changes may be placed in a vacant position subject to the following:

- the Employee may only be placed in a vacant position at the same Level (as per Appendix A)
- the Employee may only be placed in a vacant position in the same category of employment as outlined in Article 3.02
- the Employer has the right to establish qualifications for any vacancy
- in order for an Employee to be placed in a vacant position, they must have the knowledge, ability, and qualifications to do the job, and a required level of competency as established by the Employer
- should the employee refuse a placement into a vacant position, the Employer shall have no further obligation, and the employee shall be deemed to have resigned their employment
- where no vacancies exist and the Employee is laid off and not recalled under Article 17.04, the Employer shall provide any applicable outstanding payment, if any, as may be required on termination with respect to notice, pay in lieu of notice and severance pay (if applicable) under the Employment Standards Act 2000 (as amended from time to time). The amount of such entitlement shall not be less than the amounts specified in the Employment Standards Act 2000, in effect as at the date of signing.

17.04 – Recall

(a) An employee who has been laid off shall have a right of recall for a period of one hundred eighty (180) calendar days, commencing on the day following their layoff and terminating:

- (i) upon the employee accepting a recall to employment by the Employer and returning to work;
- (ii) upon the employee failing to return to work after accepting a recall to employment by the Employer unless through sickness or other just cause they are unable to return;
- (iii) upon the employee notifying the Employer that they do not wish to accept the recall;
- (iv) upon the expiration of such one hundred eighty (180) day period.

(b) Full-time employees on layoff shall be recalled in the order of their seniority, on a bargaining unit-wide basis to their own position, a position equal to, or lower than the position they occupied at the time of layoff, or part-time position, provided they have the knowledge, skill, ability, and qualifications to do the job, and a required level of competency as established by the Employer. It is recognized that there may be a period of familiarization. Employees are not required to accept recall into lower-rated, or part-time positions.

Part-time employees on layoff shall be recalled as above but shall not have the right to be recalled to a full-time position.

17.05 – Grievance on Layoffs and Recalls

Grievances concerning layoffs and recalls shall be initiated at Step One of the Grievance Procedure.

17.06 – Conditions upon Lay-off

An employee laid off shall be entitled to be covered by the Employee Benefit Plans while they have a right of recall as stated in Article 17.04, subject to eligibility and provided the employee pays their portion of the required premiums in advance.

ARTICLE 18 – HOURS OF WORK

18.01 – Work Schedule

The Union acknowledges the need for the Employer to have differing employee schedules and hours of work. The Employer agrees that changes to an employee's regularly scheduled hours will be according to operational requirements and the Employer will make their best efforts to maintain a regular and consistent schedule for employees. Employees may be scheduled to complete their weekly hours of employment in a period other than five (5) full days. Starting and finishing times, meal periods and breaks shall be determined according to operational requirements as defined by the Employer.

Employees shall receive one fifteen (15) minute paid rest period when they work four (4) hours or more. Employees who work eight (8) hours or more shall receive a total of two fifteen (15) minute paid rest periods to be taken within their eight (8) hour shift. Employees shall receive a 30-minute unpaid meal break in accordance with the *Employment Standards Act, 2000*.

With the exception of scheduled meetings and professional development sessions, no employee will be required to work a period of less than four hours in duration.

18.02 – Permanent Changes in Hours

Full-time and part-time employees are hired to work a specific number of hours per pay period. The number of hours shall be made clear in the employee's letter of offer. Any permanent increase to an employee's regular number of hours shall be made only with four (4) weeks' notice to the employee. The Employer shall offer the increased hours to employees within the same classification and

shift in order of seniority. If no employee accepts the increase in hours, the hours will be assigned in order of reverse seniority to employees within the same classification and shift with four (4) weeks of advance notice.

Any decrease in the regular hours of work without the employee's consent shall be considered a reduction in the hours of work and Article 17 shall apply.

18.03 – Posting of Work Schedules and Shift Changes

Work schedules will be posted two weeks in advance. Employees wishing to alter hours of work must have the approval of their supervisor. Except in cases of emergency, employees shall be given reasonable advance notice (24 hours) of schedule changes.

Emergency shall be defined as per Article 31. Emergencies are temporary and employees shall return to their regularly scheduled hours when the emergency ceases and operations return to normal.

18.04 – Leave Credits Based on Hours of Work

For those employees that earn leave, for the purposes of calculating credit earned for vacation time, paid holidays, lieu days, sick leave, or other leaves of absence, a working day shall be defined as one-tenth of the number of hours regularly worked by the employee in a two-week pay period. Leave will be granted on an hourly basis with the hours debited for each day of leave being the same as the hours the employee would have been scheduled to work on that day.

18.05 – Professional Development and Travel

Where professional development and/or travel is involved, the Employer may modify the Employee's schedule around such requirements. Compensation for time spent in professional development and/or traveling shall be in accordance with Article 16.06.

18.06 – Scheduling and Schedule Changes

In order to assure animal care and welfare, the Ottawa Humane Society must ensure a full staff complement appropriate to its daily needs. Employees are hired and scheduled to fulfill this responsibility.

Casual and part-time staff shall declare their availability as follows:

By no later than November 15th	January, February
By no later than January 15th	March, April
By no later than March 15th	May, June, July, August
By no later than July 15th	September, October
By no later than September 15th	November, December

Where employees do not submit a declaration of availability, the Employer shall not be required to schedule that staff member for the period. If the employee makes no declaration of availability into the system, the Employer will deem that to mean the employee is fully unavailable. If an employee is fully available, they must inform their supervisor in writing before the deadline above.

In the case where a casual and or part-time staff member refuses three shifts in the period, for which they have declared themselves available, the Employer shall not be required to schedule that staff member for a period of three months, subject to the Employer's operational requirements.

Where an employee has been unavailable for three months, because they did not provide availability, declared themselves unavailable, or provided limited availability such that they could not be reasonably scheduled, they will be considered to have resigned from their position.

At the Employer's discretion, casual and part-time employees with other employment who agree to accept the OHS shifts as scheduled, may provide the OHS with their other work shifts which may be considered exempt from the availability requirement above.

Once scheduled, the OHS will replace full-time, part-time, and casual employees for sick, special, and bereavement leave only or in accordance with Article 18.03.

All vacations are scheduled in advance and will be reflected on the posted schedules.

The OHS may undertake amendments to the schedule to replace employees wishing to have a day or days off that were not pre-scheduled in accordance with Article 18.03. Employees may propose an alternative employee who has agreed to take a shift. This arrangement must be confirmed by the employee accepting the shift and must be approved by their supervisor.

The supervisor will not approve shift changes that affect more than the staff member requesting the shift off and the staff member taking the shift. (That is, no "domino effect" of schedule changes will be approved.) Further, the Supervisor will consider the alternate employee's total hours scheduled and number of consecutive days working prior to approving the change in schedule.

18.07 – Exceptions to Maximum of 24 Hours per Week

(a) The Parties agree that normally part-time employees within the bargaining unit are

regularly scheduled for up to twenty-four (24) hours per week in any given classification within the bargaining unit. However, the Parties agree that employees within this bargaining unit may work more than twenty-four (24) hours per week in any given classification within the bargaining unit under the following circumstances provided that such circumstances are for a reasonable period of time and agreed upon by the Union.

(i) To cover-off unforeseen staffing shortages or replacement situations. It is understood that replacement situations include sick leave and vacation leave.

(ii) To cover off increased workload during peak periods. The parties recognize that peak periods may vary from year to year and between departments, but that this agreement shall not pertain to any period six months or longer in a given year or department.

(iii) It is recognized that certain programs are not offered throughout the calendar year and may require that an employee work more than twenty-four (24) hours per week, but less than forty-two (42) hours per week.

(b) It is understood that work performed under the circumstances described within (i), (ii), (iii) above may be in more than one classification.

(c) The Union agrees that employees who work more than twenty-four (24) hours per week under the above circumstances are not considered to be full-time employees.

(d) It is understood that part-time employees may apply for and be hired to work in other casual positions and that those hours will not be included as part of their regularly scheduled hours as per (a) above. Part-time employees who are hired and work in other casual positions shall be entitled to overtime pay as per Article 19.02.

(e) The Union can request that the Employer provide it with data on a case-by-case basis outlining the hours worked of individual part-time employees. The Employer agrees to provide such data within two (2) weeks of the date of the Union's request.

ARTICLE 19 – OVERTIME

19.01 – Overtime for Full-time Employees

Overtime for full-time employees is defined as any time worked above the number of scheduled hours of work, averaged over a two week pay-period and approved by the employee's supervisor.

For the purposes of calculating overtime for full-time staff, scheduled hours of work are defined as hours worked by an employee per the Employer's regularly posted schedule, including amendments to such schedule and subject to the employee's agreement to work the requested overtime.

Full-time employees who work more than their scheduled hours of work will be compensated as follows:

For the first two (2) hours of work over their scheduled hours of work in a two week pay-period, employees will be compensated on a straight-time basis in time off, to be taken at a time mutually agreed upon between the employee and the Employer.

(a) For all hours worked in excess of two (2) hours over their biweekly scheduled hours of work, employees will be compensated in time off, at a rate of one and one-half times the overtime worked.

(b) Where positions allow an employee some flexibility in determining their own schedule, it is the employee's responsibility, except in an emergency, to schedule their hours such that overtime is not accrued over the two-week pay period.

(c) Overtime rates shall not be paid for employee training, cross-training, or travel.

(d) For full-time employees, all time worked on a paid holiday as defined in paragraph 20.01 (a) herein shall not be considered overtime but shall be compensated for in accordance with Article 20.

19.02 - Overtime for Part-time Employees

Overtime for part-time employees is defined as any additional time worked to complete the duties required for a scheduled shift, as approved by the employee's supervisor.

Part-time employees who work more than their scheduled hours of work in a shift will be paid as follows:

(a) For part-time employees, the first two (2) hours of work over their scheduled shift will be paid on a straight time basis but where the employee works in excess of two (2) hours over the scheduled shift, employees will be paid at a rate of one and one-half of their regular rate of pay for each hour worked.

(b) Overtime rates shall not be paid for employee training, cross-training, or travel.

(c) Where positions allow an employee some flexibility in determining their own schedule, it is the employee's responsibility, except in an emergency, to schedule their hours such that overtime is not accrued over the two-week pay period.

19.03– Overtime During Emergencies

Overtime work shall be on a voluntary basis except in the event of an Emergency as defined in Article 31 herein, in which case overtime shall be mandatory as required by the Employer.

19.04– Overtime Pay in Lieu of Time Off

The following shall only apply to full-time employees.

Subject to Article 19, provided the employee requested to work overtime requests payment, rather than time off in lieu for the overtime prior to agreeing to work overtime, and provided the Employer shall agree to payment, an employee shall receive payment for overtime at the rate of time and one half.

In order to be eligible for the additional vacation day, the full-time employee must be hired by July 1 of the current year.
